EXPERIENCE

Summer Internship | Hey Broadband Ltd.

AUG 2020 – OCT 2020

- Produced a presentation to executives with innovative ideas for promoting the brand.
- Responsible for sales in the area with weekly reporting to CEO.
- Working alongside fibre engineers from both the UK and Spain, where I learnt how to wire splitterboxes for residential and business residences.
- Gained knowledge on the infrastructure and connections needed for a FTTP business.
- Liaised with local businesses to use their customer base to advertise and expand.
- Market research of competitors brand and deals.

Manager | Bubble Car Valeting Ltd.

DEC 2014 – CURRENT

- Management skills by managing a team of employees.
- Executed good teamworking abilities, through delegation according to their abilities also improving communication skills in a team.
- Learnt the skills needed to deal with customer complaints in a professional manner.

VOLUNTEERING

President and Founder | Portsmouth Esports Society

OCT 2018 – SEP 2020

- Through using own initiative and self-motivational skills, enabled the creation of the Esports Society.
- Attended meetings to gain sponsorships for the society, from Novatech (Reign), NSE and TheNUEL. This enhanced communication and interpersonal skills.
- Aided in designing, logos, and jerseys for the society, which displayed good teamworking abilities.
- Set up and organized fresher's fayre stands to gain popularity with over 300 members joining in the first year of the society, second largest "non-sporting" society.
- Responsible for mentoring and role modelling when training new staff in the society.

System Builder and Tester | Novatech Ltd.

JUN 2019 – JUN 2019

- Responsible for testing pre-released hardware. For example, AMD Ryzen 3000 series CPU chips, improving the understanding of efficiency and quality values.
- Logged information and statistics using benchmarking software.
- Gained relevant experience in constructing a computer from parts which deepened the knowledge of chipsets, memory, and graphics card.

ADDITIONAL INFORMATION

- Fluent in English and Albanian
- Full UK Driving License
- Willing to travel based on requirements of the role
- Occasional work as an Electricians mate and Light Vehicle Maintenance Repair
- Conversational understanding of German

LESIURE INTEREST

Travelling – I am a keen traveler and enjoy experiencing new places both here in the UK and further afield. I like to learn about new cultures, experience different foods and visit historical sites.

Gaming and Computer Technician – I actively like to participate in university tournaments in games such as Counterstrike and Valorant coming in the top 4 on numerous occasions across the country. I also enjoy constructing parts list and teaching people how to build their own PCs for gaming and/or personal use.
